

The Elms
Chapel Allerton
Leeds. Feby 1875.

My dear Mr Garrison

This note with introduction
By our my friend
The Rev! Brooke Kerford
of Manchester one of
the true hearted ones
in all good movements,
& an old friend in the good
old cause of N. S. of
former days, & a great
friend of Robert Collyer's.
Mr Kerford is visiting
the United States for a
few months, for change
of air & scene & is anxious
to see something of you

great country & its
various institutions
& would especially like
to know & shake hands
with some of the leading
spirits of our Country.
Mr. Huford proposes visiting
Chicago for three
months, where he has
made some engagements
to preach for Mr. A. L. Laid
Collyer who is now in
England or rather to supply
the pulpit for a few
weeks. Any kindness
you can show Mr. Huford
when in Boston or any
introductions you can

your hair will be pretty
valued & I cannot im-
agine the pleasure to you - then
to friends of your country
than my dear friend
Mr. Heford. If you
are satisfied or unable to
ask Mr. Heford I can see
your son Frank will
do anything for him for
my sake, & pray re-
member me most kindly
to him. Then to thank
you for the admirable
photo of yourself you
kindly sent me last
year, through your friend
Mr. Heford. it is quite an
acquisition to my collection.

I was so glad to hear
from Mrs. Edw. Foster
a short time since, on his
return from America,
that he had spent one or
two evenings in your com-
pany. I am so glad to tell
me a little about you.
I am just writing to
Miss Chase of Valley Falls
N.Y. when I finish this
note, & believe me

am yours very faithfully
Joseph Lupton

I hope you have heard
at least from Geo. Thompson
he told me that he would
since he would write
to you.
